PRODUCT DESCRIPTION

Designer: Le Corbusier

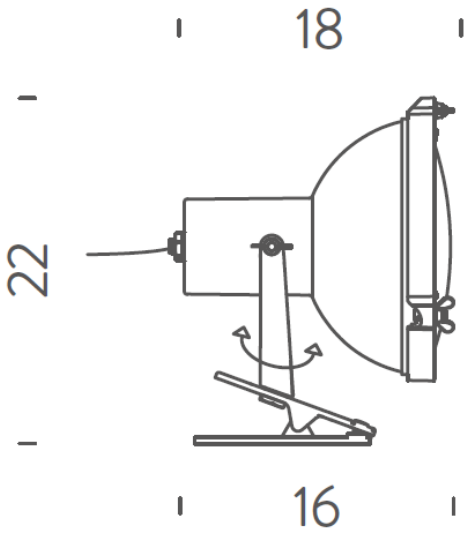

Projecteur 165 Clip Light by Nemo Lighting

The 165 Pincer Clip by Nemo Lighting was designed by the renowned Le Corbusier. A smaller version of the Projecteur 365 design, this lamp is both clippable and adjustable, allowing you to create a multitude of atmospheres in different types of settings.

With a glass diffuser the Projecteur clip lamp creates a warm glow which is far reaching and also can be dimmable when using a dimmable bulb. With three different subtle colours to choose from, night blue, moka and white sand, this light can easily fit in to your existing colour scheme. The pincer clip can be used to create a useful spotlight, a dynamic wall light or a comforting table lamp making it truly versatile. For functional lighting in big spaces, purchase several to create a spotlighting extravaganza.
