PRODUCT DESCRIPTION

Designer: Pierre Guariche

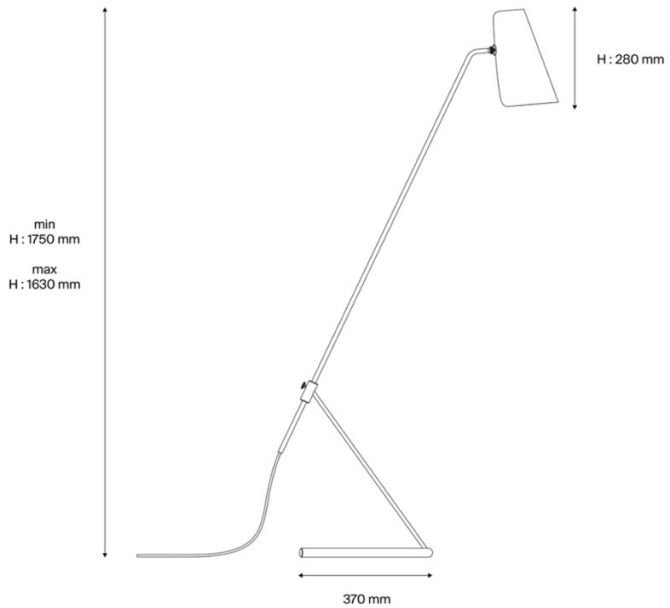

Sammode Studio Pierre Guariche G21 Reading Floor Lamp

The G21 Floor Lamp was designed in 1951 by Pierre Guariche, who is considered one of France's most influential post-war designers. Sammode Studios has reissued the design, making the timeless lamp available once again. The G21's sleek, linear frame is crafted from a brushed brass post and a lacquered aluminium base. The curved aluminium shade is available in white or black with a white interior, with a solid or perforated finish, creating a cosier environment.

G21 Floor Lamp is a functional designer reading light that offers practical, adjustable lighting. Both the head and post are movable, allowing users to easily direct light precisely where required. The metal shade creates a glare-free glow while effectively directing the flow of light. Place it beside a sofa, in an office, or in a reading nook for efficient reading light and timeless sophistication in any interior.
