PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster and Punch Caged 1.0 Large Wall Light

The Caged 1.0 Large Wall Light from Buster and Punch has been designed as a sculptural centrepiece that encases an elegant tubular light source. The LED light source combines function with style, giving a warm, crisp light reminiscent of a traditional candle light with a modern twist. The Buster Bulb is designed to last 27 years and utilises LED technology, meaning it uses 1/50th of the energy of conventional light bulbs.

The matt black metal cage comes with a changeable back panel and the choice between white or black marble. The [Caged collection](#) from Buster and Punch can be used in conjunction to create linear or staggered compositions of different-sized lights.

Now also available as an IP-rated version; [Caged Wet Wall Light](#). Allowing for use in bathrooms and wet rooms.
