Line Floor Lamp by NORR11

Inspired by the 1940s Film Noir genre, Rune Krøjgaard and Knut Bendik Humlevik have created the Line floor lamp which is characterised by a lampshade that has a raw, clear silhouette and soft glow, reminiscent of the light and lines seen in such movies. The Line floor light has a lovely solid marble base and an arm that curves around, proving to be a chic and stylish design.

Available in four finishes, this floor lamp produces a downward light and a warm illumination, working best as an ambient or subtle reading light. This floor light also has a dimmable function so you can create the exact atmosphere you want in your room. Suitable for homes and commercial spaces, the Line floor lamp is great for lounging areas and with 2 sizes to choose from you can find the perfect fit. To have a thoroughly timeless and elegant lighting scheme throughout, pair with the Line Pendant which is also part of the [NORR11 Line collection](#).
