Foscarini Madre Table Lamp

The Foscarini Madre Table Lamp was designed by Andrea Anastasio in 2019, with its inspiration coming from the ancient goddesses who protected the fertility of the earth as the curvaceous shape of the light alludes to their hips. The table lamp also acts as a decorative vase as you can put dry flowers and branches in the top (liquids can not be used).

The Madre table light has an integrated LED light source which can be dimmed, allowing you to create the lighting atmosphere you want. The table light has a lovely open circle in the middle which allows the glow to escape and the frosted glass means the light is diffused in a warm, soft way. Suitable for many settings, this lamp is perfect as a decorative, ambient light, bringing a new and fresh aesthetic that is influenced by ancient mythology to any space.
