Louis Poulsen Above LED Pendant Light

Designed by Mads Odgård, the Above LED pendant is a chic and classic light that has a beautiful bell shape, which is delicate and stylish. The simplistic and clean lines make the pendant a timeless piece that will be both stunning and effective in your interior. The integrated LED light source emits a soft glow that can be dimmed to create the right ambience.

Perfect for hanging over tables or surfaces thanks to its downward-directed light, the Above LED pendant light can be used in many spaces such as kitchens, dining areas, and hallways. You can use it alone in smaller rooms or in multiple rows or clusters in big spaces. Choose between a black or white finish.
