PRODUCT DESCRIPTION

Designer: SmithMatthias

HAY Noc Button Wall Light

The HAY Noc Button Wall Light was designed by London-based design studio SmithMatthias. Founded by Jack Smith and Gemma Matthias, the studio thrives on problem-solving, seeking the perfect balance between ‘need’ and ‘want’ to create timeless pieces created to last. This approach to design is clear in the HAY Noc Button Wall Light, an adaptable and versatile wall light.

The HAY Noc Button Wall Light boasts a simple yet functional design. A rotating mechanism allows the head to be easily moved to focus light where required. The lamp is crafted from aluminium, ensuring durability, and features an integrated push-button switch. Emitting a bright, focused task light, the HAY Noc Button Wall Light is designed for everyday use in both domestic and commercial environments. Available in Dark Grey and Off-White, the contemporary lamp blends seamlessly into a wide range of interiors without drawing too much focus. Display individually or in pairs to frame a doorway or bed.
