PRODUCT DESCRIPTION

Designer: Verner Panton

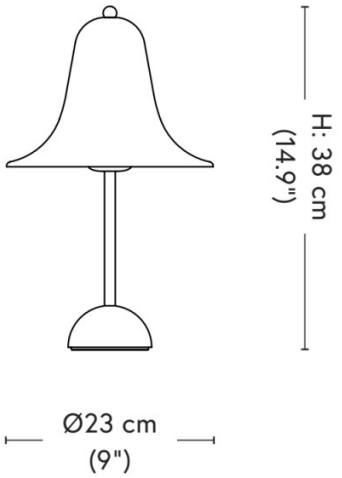

Verpan Pantop Ø23 Table Lamp

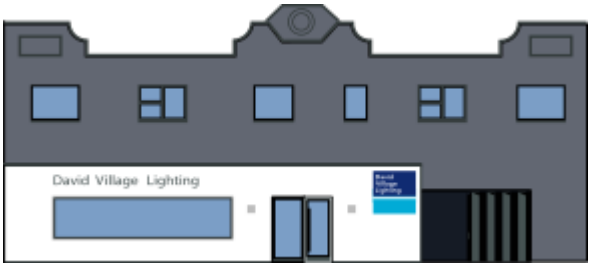

A staple in the Verpan lighting collection, the Pantop Ø23 Table Lamp was designed by Verner Panton in 1980. The classic lamp is characterised by its bell-shaped, wide-flared shade, which gives the lamp an instantly recognisable silhouette. The wide range of bold colours available complements the lamp's distinctive personality and adds a splash of colour to domestic and commercial interiors alike.

When switched on, the Pantop Ø23 Table Lamp produces focused task lighting, while the flared shade creates a wide spread of light for added ambience. Display beside a bed or sofa, in an office, or in a reading nook for functional reading light. In commercial spaces, the Pantop Ø23 Table Lamp suits hospitality settings such as contemporary cafes, adding a colourful and decorative statement that will leave a lasting impression.
