PRODUCT DESCRIPTION

Designer: Atelier Oi

Artemide Tempio LED Table Lamp

The Artemide Tempio Table Lamp was designed by Atelier Oi, boasting a bronze lacquered finish and benefits from an integrated warm white LED light source. The lamp has an integrated touch dimmer, which allows you to instantly adjust light intensity depending on use nd means Tempio can be used for a variety of settings. A sculptural lighting solution that makes an excellent task light and also acts as a decorative object even when not in use.

Tempio's design clearly takes inspiration from the Japanese architecture and their traditional temples. The warm light is emitted down onto the surface below and creates a serene and peaceful atmosphere. With a slim design, this table lamp will lend itself to any interior setting, both residential and commercial.
