PRODUCT DESCRIPTION

Designer: Diesel Creative Team

Pipe Floor Lamp by Diesel Living with Lodes

The Pipe floor lamp is an innovative exploration into fabrics in lighting design, as the floor light is made from linen that is either bleached or with a printed pattern. The floor lamp resembles large industrial pipes, with big circular lines and a simple silhouette that is striking and effective.

The lampshade diffuses the light source, providing a big illumination that will create a warm and welcoming atmosphere. There is also a dimmer switch included so you can create the right ambience in your room. Available in a black or white colour finish, and a medium or large size, the Pipe floor light will certainly make an impact and can be used as a statement piece of design in your home or commercial setting.
