Vinyl Ceiling / Wall Light by Diesel Living with Lodes

Resembling a music record, the Vinyl wall and ceiling light is made from metal and is engraved with grooves, creating a very graphic aesthetic. This light can be installed on walls and ceilings, making it very versatile and useful for a wide variety of settings. The Vinyl ceiling/wall lamp is available in a small or large size and in 2 sophisticated colours, deep black or silver. You can use alone in smaller rooms or mix and match colours and sizes in larger spaces to create an intriguing light display.

*The Vinyl ceiling and wall lamp has indirect or direct lighting depending on the type of bulb used. **Here, it is pictured with a black-mirrored bulb which isn't included in the purchase and provides an indirect glow.** You can buy a mirrored bulb to achieve this look or use a regular lightbulb for a direct and illumination.
