PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Gravity XL Floor Lamp

The Gravity XL Floor Lamp is the largest version of Space Copenhagen's Gravity design, with a wide shade set above a solid cylindrical base. The heavier base gives the lamp a strong presence, while the canvas or white textile shade keeps the overall design lighter and more balanced.

Its larger size makes it particularly suited to open-plan living spaces, hotel interiors and rooms with higher ceilings, where a smaller floor lamp can easily get lost. The shade provides a comfortable, diffused light, while the use of a dimmable bulb gives you more control over the brightness throughout the day.

The base is available in White Marble, Grey Marble and Black Marble, with new Emerald Marble and Maroon Marble finishes joining the collection for 2026. The two new options introduce deeper colour into the range without changing the simple shape that defines the Gravity collection. Paired with either shade option, Gravity XL works well as both a practical light source and a strong focal point within a room.

PRODUCT SPECIFICATION

Light Source: 3 x Max 70W E27 (Excluded)

IP Code: 20

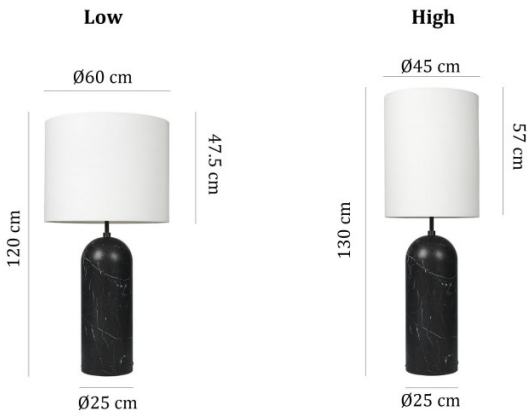

Dimming: Integrated dimmer on the product.

Dimensions:

Low:
Shade: Ø60cm
Shade Height: 47.5cm
Height: 120cm
Base: Ø25cm

High:
Shade: Ø45cm
Shade Height: 57cm
Height: 130cm
Base: Ø25cm

Cable Length: 200cm (Approximately)
