PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Gravity XL Floor Lamp

The Gravity XL Floor Lamp, part of the acclaimed Gravity collection, amplifies the aesthetic and functional appeal of the standard floor lamp. Designed by Space Copenhagen, this larger-than-life version retains the signature balance of its smaller counterpart, combining a robust cylindrical base with a delicate shade. The lamp's oversized proportions make it ideal for spacious interiors, such as hotel lobbies, open-plan living areas, or high-ceilinged offices. Its dimmable light source allows for versatile use, transitioning seamlessly from task lighting to creating a warm, inviting ambience.

Available in three base finishes, white marble, grey marble, or black marble, and paired with either a canvas or white shade, the Gravity XL Floor Lamp adapts to a wide variety of décor styles while maintaining its distinct presence. With its monumental scale and refined design, this lamp serves as both a functional lighting solution and an artistic statement piece.

PRODUCT SPECIFICATION

Light Source: 3 x Max 70W E27 (Excluded)
