PRODUCT DESCRIPTION

Designer: Charlotte Perriand

Nemo Lighting Applique à Volet Pivotant Wall Light

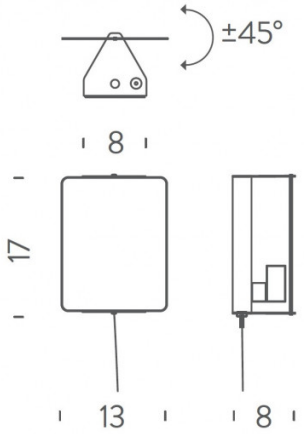

The Applique à Volet Pivotant Wall Light was designed in 1962 by French designer Charlotte Perriand. Its timeless design combines functionality with a stylish aesthetic, featuring a rectangular faceplate that is available in a range of bold finishes. The metal faceplate conceals the light source, creating a soft, indirect glow that bathes the surrounding wall in light. With the ability to be adjusted up to 45 degrees, users can easily adjust the frame to direct the light as required.

Display individually to add a splash of colour to a room or in pairs to frame a bedside. Create a cohesive theme throughout the home by installing with other pieces from the **Applique à Volet Pivotant Collection** to create a consistent lighting scheme that celebrates a classic in French lighting design.

This version of the Applique à Volet Pivotant comes with a cable and plug, so it needs to be installed near a socket. It is also available in a white or polished inox finish. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	1 x Max 8W E14 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	With: 13cm Height: 17cm Depth: 8cm Cable Length: 110cm
