PRODUCT DESCRIPTION

Designer: Chiaramonte Marin

Brokis Knot Portable LED Lamp

The Brokis Knot Portable LED Lamp is a sculptural outdoor table light that extends the iconic Knot collection into flexible, battery-powered form. Designed by Chiaramonte & Marin, it combines a smooth handblown glass shade with a natural rope handle and solid metal base, bringing the collection's signature tension and contrast into a refined, portable format. The rope not only adds a rustic charm but also acts as a practical handle for repositioning the lamp.

With an IP44 rating and integrated LED module, the Knot Battery lamp provides up to 4.5–6 hours of soft, ambient light, making it perfect for terraces, garden dining, or atmospheric indoor corners. Available in two sizes and three elegant finish combinations, the lamp recharges via a magnetic USB connector and features touch dimming for full control over light levels. A beautiful companion piece for both residential and professional settings.

PRODUCT SPECIFICATION

Light Source: 2.7W, 2700K, 580 Lumens

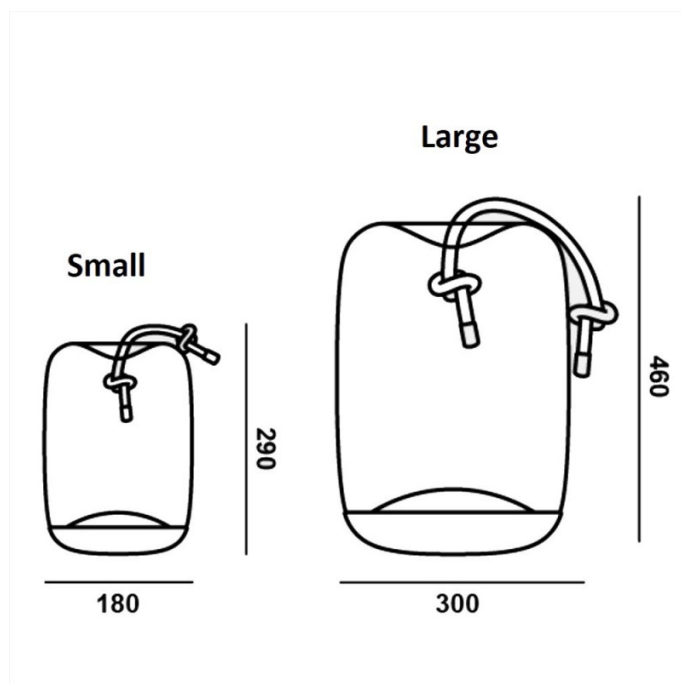

IP Code: 44

Dimming: Integrated dimmer on the product.

Dimensions: Small:
Shade: Ø18cm
