### Astro Harvard Outdoor Pendant Light

The Astro Harvard Outdoor Pendant Light is a contemporary take on the traditional lantern, combining a slimline stainless steel frame with clear glass panels for a clean, architectural look. Its exposed lamp design gives it a decorative quality whilst still feeling restrained, making it well suited to entrances, covered terraces, porches and hospitality settings that need an outdoor pendant with a little more presence.

Finished in textured black, Harvard Pendant offers a crisp silhouette that works across both modern and more traditional architecture. The clear glass allows the chosen lamp to remain visible, helping to create a warm and inviting glow that works particularly well in sheltered outdoor spaces and covered walkways. It can also be installed in bathroom zones 2 and 3, offering more flexibility for interior projects.

Harvard Pendant uses one E27 lamp, sold separately, and is dimmable when paired with a compatible dimmable bulb. Suitable for mounting on flammable surfaces, it is designed for wired ceiling installation and features 360° rotation adjustability. Please note that this product is not suitable for installation within five miles of the coast.

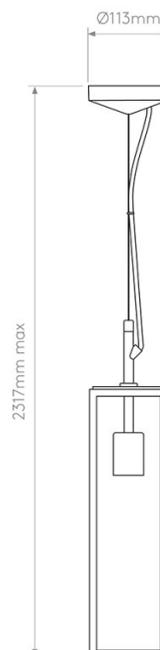

### PRODUCT SPECIFICATION

**Light Source:** 1 x Max 12W E27 LED (Excluded)

**IP Code:** 44

**Dimming:** Dimmable via mains phase dimming.

**Dimensions:** Shade: 11cm<sup>2</sup>  
Shade Height: 38cm
