PRODUCT DESCRIPTION

Designer: Phillipe Starck

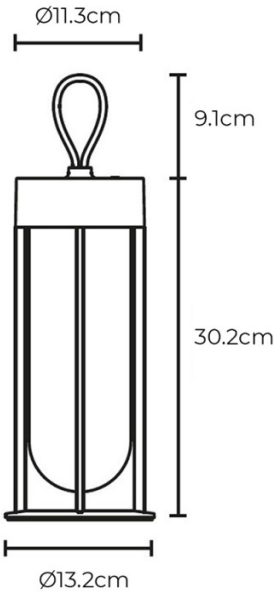

Flos In Vitro LED Outdoor Unplugged Light

The latest addition to the Flos In Vitro collection by Philippe Starck, the In Vitro Unplugged is a portable lamp that is suitable for both indoor and outdoor use. The structure is made from aluminium with a glass diffuser that creates an ambient glow, and is also equipped with a handle so that you can easily carry the light wherever you need. The lamp also comes with an LED light source, which is available with either a 2700K (warmest white) or 3000K (warm white) colour temperature.

The In Vitro Unplugged lamp comes with an optical switch sensor with a 4-step dimmer so you can create the right atmosphere for your needs. The lamp also comes in 7 colour finishes, white, anthracite, black, forest green, terracotta, deep brown or pale green and is equipped with a charger cable to ensure 6 hours of battery life. The versatility and minimalist design of the Unplugged make it a wonderful choice for many settings and will prove very handy in and around your home or professional space.
