PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Reading Floor Lamp

Artemide Tolomeo Reading Floor Lamp embodies the balance between functionality and aesthetics that has defined Tolomeo since 1987. Designed by Michele De Lucchi and Giancarlo Fassina, it keeps the clean and minimalist lines of the collection, with an aluminium and steel structure that gives the lamp both lightness and robustness.

Its articulated arm system remains central to the design, using the same innovative spring mechanism that allows the lamp to be adjusted in height and tilt with notable flexibility. In the Reading Floor version, the structure is distinguished by a single joint with a longer lower arm, giving it a different proportion from Tolomeo Floor and Micro Floor while keeping the same precise and controlled movement.

Artemide Tolomeo Reading Floor Lamp is available in Aluminium and Black. The longer lower arm and floor structure make it especially useful where a directed light is needed beside seating or within a work area, without losing the clear, established character of the Tolomeo collection. Best suited for reading corners, lounges, bedrooms, and workspaces where an adjustable floor lamp is needed with a more focused reach.

PRODUCT SPECIFICATION

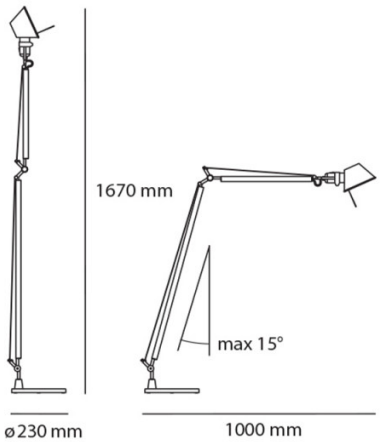

Light Source: 1 x Max 12W E27 LED (Excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Base: Ø23cm
Max Extension Height: 167cm
Max Extension Length: 100cm

Cable Length: 180cm
