PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan VP Globe Pendant light

The Verpan VP Globe Pendant light was designed by Verner Panton in 1969 and it is arguably one of his most recognisable designs. The VP Globe ceiling lamp features a crystal clear transparent acrylic outer sphere with five internal reflectors suspended by three steel chains. This sculptural design is futuristic in nature, especially with the splashes of red and blue that add the finishing touches.

This iconic ceiling lamp could catch the eye and unite a room, regardless of whether it hung alone or in clusters. The sculptural design of the pendant lamp is bold whilst also being delicate, this means that whether the light is on or off, it creates a statement. Available in two sizes, Ø40cm and Ø50cm, the Verpan VP Globe Pendant light can add a touch of elegance to any room.

PRODUCT SPECIFICATION

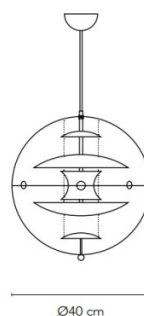

Light Source: Ø40cm: 1 x max 60W E14
