Flos Ray F2 Floor Lamp

Designed by Rodolfo Dordoni, the Flos Ray F2 Floor Lamp is part of the [Ray Collection](#), which draws inspiration from the form of a lighthouse; this designed is described as "part lighthouse, part power pylon". The Ray F2 floor lamp offers the same fresh perspective on an iconic shape and is available with either an aluminium shade in black or white with a white painted inside, or a glass diffuser, which is hand-blown, overlaid with glass with a glossy external finish.

The Ray F2 Floor Lamp provides a warm, diffused light that is emitted through the top and bottom of the drum shade, and includes a dimmer switch on the cable, allowing you to adjust lighting output to suit the needs of you and your environment. The Ray F2 Floor Lamp is a contemporary addition to living rooms, dining areas, entryways and even bedrooms. It can also be utilised in modern larger commercial spaces.
