PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Victoria Ghost Chair

The Kartell Victoria Ghost Chair is part of Philippe Starck's Ghost collection, 20th-century everyday objects, redesigned with a minimalist and contemporary touch. The Victoria Ghost has a backrest that reminds us of medallions you would find at antique shops, a contrast to the square and strict seat. The design benefits from Kartell's technological know-how and is made with a single injection mould. The chair is comfortable, stable, shock-resistant, and weatherproof; an ideal choice for your dining table, waiting room, meeting room or even as garden furniture.

The chair's design brings a touch of elegance, while the transparent or glossy colour options add that brush you were missing from your interior decor. The chair is like a sibling to the iconic **Louis Ghost Chair**, only without the armrest, making its appearance more refined and feminine. The chair is also made from renewable raw material polycarbonate 2.0 as part of Kartell Loves the Plant, the brand's sustainability initiative.

Please Note: Due to the packaging process, Victoria Ghost Chairs must be ordered in pairs.

PRODUCT SPECIFICATION

Dimensions: Width: 39cm
Height: 91cm
Depth: 50cm
Seat Width: 30cm
Seat Height: 46cm
