PRODUCT DESCRIPTION

Designer: Verner Panton

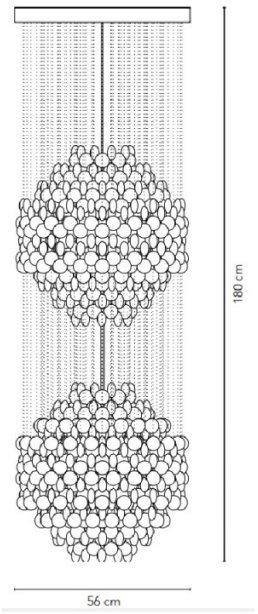

Verpan Fun 5DM Suspension

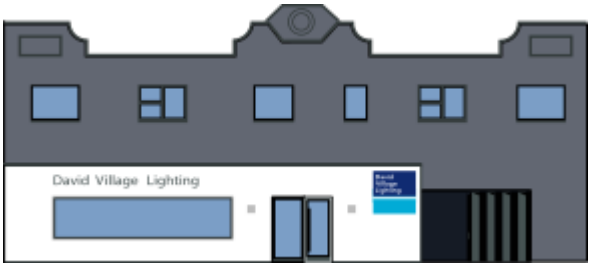

The Verpan Fun 5DM Suspension is intricately crafted from cascading mother-of-pearl discs suspended from delicate-looking metal chains. The seashell discs form two shades that, when illuminated, filter light, creating a shimmering effect and an atmospheric glow. When gently moved by a touch or wind, the Fun 5DM Suspension produces a melodic sound akin to a wind chime.

Combining an elegant and decorative aesthetic with functionality, the Verpan 5DM suits contemporary and classic interiors alike. Suspend in a stairwell or in large living and hospitality settings to bring warmth, movement, and character to its surroundings. Display individually or in multiples with other suspensions from the **Fun Collection** for a sculptural statement piece that celebrates one of Verner Panton's greatest masterpieces.
