PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Fun 1TM Table Lamp

The Verpan Fun 1TM Table Lamp is a stylish yet easy way to transform a room. This desk lamp's iconic highly recognisable design was created by designer Verner Panton in 1964 as part of the FUN collection which is widely considered one of Panton's greatest masterpieces. By combining functionality and imagination, the Verpan Fun 1TM Table Light uses its seashell discs to diffuse light whilst also allowing a generous outpouring of light into a room. The seashell material naturally create a soft light which highlights the details within each seashell disc as the light passes through each one.

This iconic desk lamp has emerged as a contemporary design classic which is as strikingly inventive now as it was 50 years ago.
