PRODUCT DESCRIPTION

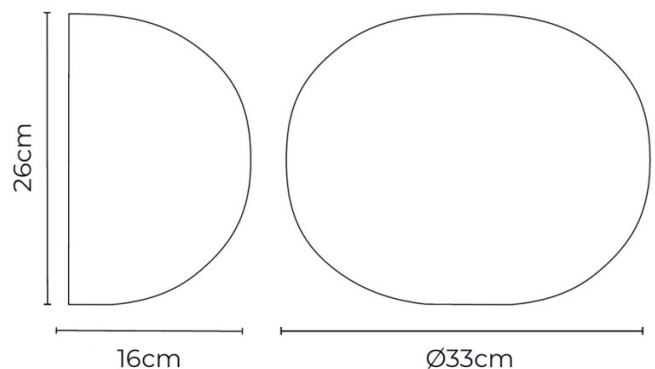

Designer: Jasper Morrison

Flos Glo-Ball Wall Light

The Glo-Ball Wall Light was designed by Jasper Morrison and released into the world in 1999, completing the [Flos Glo-Ball Collection](#). The Flos Glo-Ball was described as the perfect embodiment of its designer's 'super normal' design philosophy, prioritising functionality and elegance, which led to plenty of awards.

The rounded diffuser is crafted from hand-blown opaline glass, granting a warm, glare-free illumination. Meanwhile, the minimalist and simplistic design of the Glo-Ball Wall Light makes it versatile in its application and means it can be used in a wide range of contemporary interiors. Glo-Ball is ideal for both homes and commercial settings, especially in corridors, hallways, lounges, bedrooms and much more. It can be displayed individually or alongside other designs in the collection for a more cohesive interior.
