PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Aretemide Tolomeo Diffusore Wall Light

The Artemide Tolomeo Diffusore Wall Light features the signature aesthetic of the Tolomeo collection by Michele De Lucchi and Giancarlo Fassina, combining a sleek aluminium wall support with a softly rounded diffuser. Its understated, functional design allows it to blend easily into both contemporary and classic interiors, offering a refined alternative to more directional task lighting while maintaining the collection's recognisable industrial elegance.

Designed to emit a soft, evenly diffused glow, the Tolomeo Diffusore Wall Light provides comfortable ambient illumination rather than focused brightness. The shade can be tilted up to 30 degrees, while an integrated dimmer on the lamp's head lets users adjust the light intensity to suit any mood. This adjustable lighting makes it ideal for use in bedrooms, hallways, or living spaces where a gentle, welcoming atmosphere is preferred. Display in areas that require ambient, glare-free lighting, such as bedrooms, dining rooms, or living areas.
