Santa & Cole Tripode G5 Floor Lamp

The Tripode G5 by Santa & Cole provides a cheerful atmosphere and is ideal for informal settings. The use of handmade cotton ribbons for the shade reincorporates traditional craftsmanship into a modern lamp. Lit, the shade provides a warm light, rich in nuances and while the light is off, the Tripode G5 is a sculptural statement piece that enhances the room. The delicate and shapely Trípode G5 has a tubular metal tripod forming a triangular shape which means the lamp does not need a base to stand up.

In 2022, Santa & Cole worked with textile expert Júlia Esqué to create the diplomatica and striped finishes to mark 25 years of the Tripode. The three basic colours in the ribbon collection, natural white, amber red and black, available since 1994, complete the range of eight colours available. A true symbol of contemporary design: simple, colourful and functional.
