PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Kartell Bloom C1 Ceiling Light

The Kartell Bloom C1 Ceiling Light is a unique contemporary lighting solution, combining organic shapes with a bold colour palette. Designed by Ferruccio Laviani, the Bloom Ceiling Light utilises a rounded silhouette that is fitted with numerous polycarbonate petals to create a floating blooming flower. These petals are available in 4 colour options: solid white, crystal, mint (green, yellow, white) or lavender (violet, blue, green).

The Bloom C1 is the largest ceiling light in the collection, although the design is also available as the smaller **CW2 version**, which can be mounted both on the ceiling and the wall. Kartell Bloom brings a colourful nuance to your home's design, whilst also providing a warm and evenly dispersed ambient glow.

Please Note: this product requires on-site assembly.
