PRODUCT DESCRIPTION

Designer: Francesco Rota

Oluce Canopy LED Pendant

The Oluce Canopy LED Pendant is a masterpiece by Francesco Rota, designed in 2010 to transform the utilitarian ceiling rose into a central design element. Featuring a sleek, oversized metal lampshade, the Canopy pendant conceals its light source within, diffusing soft, indirect illumination. Its unique design combines elegance and functionality, making it suitable for a variety of interiors, from contemporary homes to sophisticated commercial spaces.

Available in two sizes, small and large, the Canopy pendant offers flexibility to fit different room dimensions. With its minimalist aesthetic and practical design, the Canopy pendant is ideal for creating a warm, inviting ambiance while serving as a striking visual feature in any space. The Canopy pendant is available in a glossy black or glossy red finish. Both bold finishes create a dynamic, eye-catching display wherever they're installed.
